Building Features

Task 2. Build these all features

1. **Zoom integration:** Integrate with meeting platforms like zoom, then record all calls and stored in call pages.....
2. **Build Recording pages:** where we can play like media player all of our zoom calls recordings similar like our recording page's design (frontend already available in slide 8, you can use).....
3. **Build Call Pages:** Integrate All of our zoom calls recording will be stored here (frontend already available in slide 8 ,you can use)

Assignments submission

- After completing the assignment, send us on my WhatsApp : +916202260991
- If you have any queries, you can connect with me on my WhatsApp : +916202260991
- Assignments Deadline is 12 September, 2022 before 11 pm indian time-zone

“Everything should be made as simple as possible. But to do that you have to master complexity.”

-- Butler Lampson

(An American computer scientist)

Thanks!
